Outdoor Product Sourcing FAQ

Extra-Thick Portable Raincoat | Reusable Adult & Kids Poncho

https://seawingglobaltrade.com/faq

TL;DR

Use these examples to make broad sourcing questions specific. An air mattress needs a size and model, a guyline needs a length and construction, and a poncho needs its version and colour. Ask about the exact missing field rather than requesting an undefined “best” product. Keep order-policy questions separate from product measurements.

Keep the comparison traceable

Keep one specification sheet for each shortlisted version. Put the product URL, size, colour and dated photographs at the top, then distinguish published facts from requested changes. If the brief combines a tent, a cooking item and clothing, give each its own line and quantity. Their dimensions, materials and accessories describe different things and should not be merged into a single specification. For example, a tent’s packed length is a storage measurement, a kettle’s external dimensions do not state its usable capacity, and backpack litres do not describe torso fit. When a field is absent, leave it marked for confirmation instead of borrowing a value from a visually similar item. Before comparing quotations, check that they refer to the same version and supply scope. Record any substitutions explicitly, including

the affected component, colour or packaging. This makes later sample review more useful: the reviewer can compare an identified item against a written requirement instead of trying to reconstruct a decision from a photo and a price.

Compare catalog references

Use the individual specifications to build your shortlist. Each photograph below belongs to the named reference; other products are shown for comparison and are not included with this item.

Flocked Inflatable Travel Mattress | Five Sizes

All five mattress references have a listed height of 22 cm, but their widths differ from 73 to 183 cm. The Queen and King references are also longer at 203 cm, versus 191 cm for the first three. Match the code YW24565–YW24569 to the chosen dimensions. The contents list includes a repair patch and instructions; a pump is not named in that list.

Twin Standard (Single)	191 × 99 × 22 cm (YW24566)

Reflective Tent Guyline | 4 m × 3 mm Camping Rope

The orange guyline is listed as 4 m long and 3 mm in diameter, with a PP core, polyester yarn and reflective thread. Preserve all three construction terms in the specification. Reflective thread identifies a feature of the rope, not a breaking-load result. When pairing it with a tent, name the attachment and adjustment hardware separately and check the required quantities against that tent’s instructions.

Design	PP core, polyester yarn and reflective thread

Extra-Thick Portable Raincoat | Reusable Adult & Kids Poncho

This reusable poncho record shows adult and children’s presentations, a drawstring hood and elastic cuffs. The listed colours are clear, blue, pink, yellow, purple and black. Adult and child labels are not a complete measurement chart: record garment length, width and sleeve or opening dimensions for the chosen version before defining a size range. Keep each colour-and-size combination identifiable in the order.
