Prepare a Wholesale Outdoor Gear Quotation

Automatic Hexagonal Camping Tent | Two Sizes

https://seawingglobaltrade.com/wholesale-outdoor-gear

TL;DR

Build a wholesale shortlist by separating product version, quantity and packaging. A two-size tent, a gas stove and a rain suit each need different configuration fields. Send the selected reference with your intended market and supply scope so competing offers can be compared on the same basis.

Keep the comparison traceable

Keep one specification sheet for each shortlisted version. Put the product URL, size, colour and dated photographs at the top, then distinguish published facts from requested changes. If the brief combines a tent, a cooking item and clothing, give each its own line and quantity. Their dimensions, materials and accessories describe different things and should not be merged into a single specification. For example, a tent’s packed length is a storage measurement, a kettle’s external dimensions do not state its usable capacity, and backpack litres do not describe torso fit. When a field is absent, leave it marked for confirmation instead of borrowing a value from a visually similar item. Before comparing quotations,

check that they refer to the same version and supply scope. Record any substitutions explicitly, including the affected component, colour or packaging. This makes later sample review more useful: the reviewer can compare an identified item against a written requirement instead of trying to reconstruct a decision from a photo and a price.

Compare catalog references

Use the individual specifications to build your shortlist. Each photograph below belongs to the named reference; other products are shown for comparison and are not included with this item.

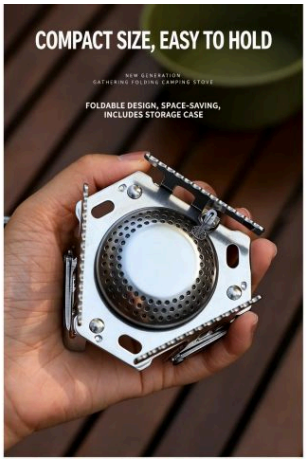

Automatic Hexagonal Camping Tent | Two Sizes

The larger hexagonal version is listed at 280 × 240 × 155 cm and 4.8 kg; the smaller at 240 × 210 × 135 cm and 4.0 kg. Their packed lengths are 88 and 77 cm respectively. A hexagonal outline should be checked with a floor drawing when arranging rectangular mattresses; multiplying the two outer widths is not a measured usable floor area.

Overall dimensions	280 × 240 × 155 cm (110.2 × 94.5 × 61.0 in)
Unit weight	4.8 kg (10.58 lbs)
Packed dimensions	88 × 18 × 18 cm
Overall dimensions	240 × 210 × 135 cm (94.5 × 82.7 × 53.1 in)
Unit weight	4.0 kg (8.81 lbs)
Packed dimensions	77 × 16 × 16 cm

Portable Gas Stove | 230 g Stainless Steel Camping Burner

This burner has a listed open size of 14 × 7 cm and packed size of 6 × 7 cm, with a 230 g weight and 38 cm hose. The material record names stainless steel, aluminium and brass. The hose length does not identify the fuel connector standard. Obtain the selected version’s fuel and connection instructions before specifying a canister or marketing a compatible stove set.

Open size	14 × 7 cm
Packed dimensions	6 × 7 cm
Unit weight	230 g
Material	stainless steel, aluminium and brass
Hose length	38 cm

Ultralight Waterproof Rain Suit | Packable Jacket & Pants Set

This rain suit is a jacket-and-pants set with a hood, back ventilation, mesh lining, elastic cuffs and a storage bag. The listed weights of 180, 200 and 300 g belong to shown variants; the record does not assign each weight to a complete size matrix. Specify which variant is being quoted and keep the jacket and trouser measurements together in the sample record.

Product format	unisex ultralight rain suit
Set	hooded jacket and pants
Features	back ventilation, mesh lining, elastic cuffs and storage bag
Unit weight	180 g, 200 g and 300 g
Colour	green, black, white and orange

From product selection to a sample brief

1. **Choose the exact reference**
   Save the product link and the comparison fields relevant to your range.
2. **Record the configuration**
   List the size or version, colour and items you want supplied together.
3. **Evaluate the sample**
   Check the selected configuration against your written checklist and retain photos of the result.
4. **Agree the bulk order**
   Record the approved version, quantity, packing and delivery terms in the final quotation.

Questions for your buying brief

How should I use these examples?

Build a wholesale shortlist by separating product version, quantity and packaging. A two-size tent, a gas stove and a rain suit each need different configuration fields. Send the selected reference with your intended market and supply scope so competing offers can be compared on the same basis.

What distinguishes this reference? — Automatic Hexagonal Camping Tent | Two Sizes

The larger hexagonal version is listed at 280 × 240 × 155 cm and 4.8 kg; the smaller at 240 × 210 × 135 cm and 4.0 kg. Their packed lengths are 88 and 77 cm respectively. A hexagonal outline should be checked with a floor drawing when arranging rectangular mattresses; multiplying the two outer widths is not a measured usable floor area.

What distinguishes this reference? — Portable Gas Stove | 230 g Stainless Steel Camping Burner

This burner has a listed open size of 14 × 7 cm and packed size of 6 × 7 cm, with a 230 g weight and 38 cm hose. The material record names stainless steel, aluminium and brass. The hose length does not identify the fuel connector standard. Obtain the selected version’s fuel and connection instructions before specifying a canister or marketing a compatible stove set.

What distinguishes this reference? — Ultralight Waterproof Rain Suit | Packable Jacket & Pants Set

This rain suit is a jacket-and-pants set with a hood, back ventilation, mesh lining, elastic cuffs and a storage bag. The listed weights of 180, 200 and 300 g belong to shown variants; the record does not assign each weight to a complete size matrix. Specify which variant is being quoted and keep the jacket and trouser measurements together in the sample record.

What should I keep with the selected reference?

Keep one specification sheet for each shortlisted version. Put the product URL, size, colour and dated photographs at the top, then distinguish published facts from requested changes. If the brief combines a tent, a cooking item and clothing, give each its own line and quantity. Their dimensions, materials and accessories describe different things and should not be merged into a single specification. For example, a tent’s packed length is a storage measurement, a kettle’s external dimensions do not state its usable capacity, and backpack litres do not describe torso fit. When a field is absent, leave it marked for confirmation instead of borrowing a value from a visually similar item. Before comparing quotations, check that they refer to the same version and supply scope. Record any substitutions explicitly, including the affected component, colour or packaging. This makes later sample review more useful: the reviewer can compare an identified item against a written requirement instead of trying to reconstruct a decision from a photo and a price.
