https://seawingglobaltrade.com/products/fleece-lined-outdoor-jacket

## Product summary

Casual outdoor layer with thick polar-fleece lining and a 400 g unit weight. Product format: casual outdoor travel jacket. Compare the available specifications below and select the preferred configuration for your quotation request.

## Catalog specifications

| | |
|---|---|
| **Product format** | casual outdoor travel jacket |
| **Lining** | thick polar fleece |
| **Unit weight** | 400 g |
| **Intended use** | travel, casual wear and outdoor layering |

## Using these specifications to choose a product

The jacket record specifies thick polar-fleece lining and a 400 g reference weight for casual outdoor and travel layering. Keep the lining description distinct from the outer-shell material, which is not fully specified here. Compare finished garment measurements, layer allowance and fastening details on the chosen sample; the weight alone does not establish a temperature rating or a waterproof-shell classification.

For Fleece-Lined Outdoor Jacket, the published record states Product format: casual outdoor travel jacket, Lining: thick polar fleece, Unit weight: 400 g, Intended use: travel, casual wear and outdoor layering. Keep those values together under this reference when building a wholesale product shortlist; a

value from a neighbouring model does not describe this item.

### SKU-specific sample and quotation checklist

Use the following Fleece-Lined Outdoor Jacket fields in the sample request and final quotation so the ordered reference can be checked against the online record.

- **Product format:** Confirm product format as “casual outdoor travel jacket” for the selected version, or request a written revision before ordering.
- **Lining:** Confirm lining as “thick polar fleece” for the selected version, or request a written revision before ordering.
- **Unit weight:** Confirm unit weight as “400 g” for the selected version, or request a written revision before ordering.
- **Intended use:** Confirm intended use as “travel, casual wear and outdoor layering” for the selected version, or request a written revision before ordering.

## From product selection to a sample brief

1. **Choose the exact reference**
   Save the Fleece-Lined Outdoor Jacket page, product ID and preferred option as one reference.
2. **Record the configuration**
   Record lining for Fleece-Lined Outdoor Jacket as “thick polar fleece” and add any destination-market requirements separately.
3. **Evaluate the sample**
   Check the Fleece-Lined Outdoor Jacket sample against the written unit weight entry and keep dated photographs of the reviewed item.
4. **Agree the bulk order**
   Put the approved Fleece-Lined Outdoor Jacket version, quantity, packing request and delivery terms into the final quotation; unlisted terms require confirmation.

# Procurement questions

### What are the key specifications of Fleece-Lined Outdoor Jacket?

Casual outdoor layer with thick polar-fleece lining and a 400 g unit weight.

### Which attributes should buyers compare for Fleece-Lined Outdoor Jacket?

Review product format, lining, unit weight, intended use for Fleece-Lined Outdoor Jacket and compare the available configurations side by side.

### Who is this Fleece-Lined Outdoor Jacket page designed for?

This Fleece-Lined Outdoor Jacket record is designed for private-label brands and range developers comparing product format, lining, unit weight, intended use before adding a specific SKU to an outdoor range.

### What should an RFQ for Fleece-Lined Outdoor Jacket include?

Include Fleece-Lined Outdoor Jacket, the preferred size or configuration, estimated quantity, destination market and any branding or packaging requirements.

### What distinguishes this reference?

The jacket record specifies thick polar-fleece lining and a 400 g reference weight for casual outdoor and travel layering. Keep the lining description distinct from the outer-shell material, which is not fully specified here. Compare finished garment measurements, layer allowance and fastening details on the chosen sample; the weight alone does not establish a temperature rating or a waterproof-shell classification.
