Catalog specifications

Outer size	510 × 310 × 220 cm
Inner size	500 × 300 × 210 cm
Packed dimensions	67 × 28 × 38 cm
Unit weight	20 kg
Outer fabric	150D blackout titanium-silver
Frame	iron and fiberglass

Using these specifications to choose a product

HILLTOP PRO lists an outer size of 510 × 310 × 220 cm and inner size of 500 × 300 × 210 cm. The 20 kg weight and 67 × 28 × 38 cm packed size should be evaluated together for handling and storage. Its frame description names iron and fiberglass. Keep that mixed construction separate from the aluminium-frame description on the 420 cm villa reference.

For HILLTOP PRO Villa Tent, the published record states Outer size: 510 × 310 × 220 cm, Inner size: 500 × 300 × 210 cm, Packed dimensions: 67 × 28 × 38 cm, Unit weight: 20 kg, Outer fabric: 150D blackout titanium-silver, Frame: iron and fiberglass. Keep those values together under this reference when building a wholesale product shortlist; a value from a neighbouring model does not describe this item.

SKU-specific sample and quotation checklist

Use the following HILLTOP PRO Villa Tent fields in the sample request and final quotation so the ordered reference can be checked against the online record.

- **Outer size:** Confirm outer size as “510 × 310 × 220 cm” for the selected version, or request a written revision before ordering.
- **Inner size:** Confirm inner size as “500 × 300 × 210 cm” for the selected version, or request a written revision before ordering.
- **Packed dimensions:** Confirm packed dimensions as “67 × 28 × 38 cm” for the selected version, or request a written revision before ordering.
- **Unit weight:** Confirm unit weight as “20 kg” for the selected version, or request a written revision before ordering.
- **Outer fabric:** Confirm outer fabric as “150D blackout titanium-silver” for the selected version, or request a written revision before ordering.
- **Frame:** Confirm frame as “iron and fiberglass” for the selected version, or request a written revision before ordering.
