Rechargeable LED Camping Lantern | 7-Mode IPX4 Tent & Canopy Light

https://seawingglobaltrade.com/products/rechargeable-led-camping-lantern

Product summary

Seven selectable light modes and a IPX4 splash-resistance rating. Product format: rechargeable LED camping lantern. Compare the available specifications below and select the preferred configuration for your quotation request.

Catalog specifications

Product format	rechargeable LED camping lantern
Lighting modes	7
Water-resistance rating	IPX4
Intended use	tent, canopy and campsite lighting

Using these specifications to choose a product

Seven modes and IPX4 are the distinguishing published fields for this rechargeable lantern. Mode count is not a lumen figure or a runtime measurement. If your range needs an overnight-lighting claim, specify the mode and operating conditions to be checked on the selected version. Treat the listed IPX4 description as splash resistance, not permission to submerge the light.

For Rechargeable LED Camping Lantern, the published record states Product format: rechargeable LED camping lantern, Lighting modes: 7, Water-resistance rating: IPX4, Intended use: tent, canopy and campsite lighting. Keep those values together under this reference when building a wholesale product shortlist; a value from a neighbouring model does not describe this item.

SKU-specific sample and quotation checklist

Use the following Rechargeable LED Camping Lantern fields in the sample request and final quotation so the ordered reference can be checked against the online record.

- **Product format:** Confirm product format as “rechargeable LED camping lantern” for the selected version, or request a written revision before ordering.
- **Lighting modes:** Confirm lighting modes as “7” for the selected version, or request a written revision before ordering.
- **Water-resistance rating:** Confirm water-resistance rating as “IPX4” for the selected version, or request a written revision before ordering.
- **Intended use:** Confirm intended use as “tent, canopy and campsite lighting” for the selected version, or request a written revision before ordering.

Compare catalog references

Compare Rechargeable LED Camping Lantern with Portable Gas Stove, 8-Piece Camping Cookware Set. Review each named product's own specifications; the photographs and values belong only to the corresponding reference and are not included with Rechargeable LED Camping Lantern.
