https://seawingglobaltrade.com/products/stainless-steel-camping-kettle

Product summary

Compact stainless-steel kettle with dimensions and 288 g weight. Material: stainless steel. Compare the available specifications below and select the preferred configuration for your quotation request.

Catalog specifications

Material	stainless steel
Size	10 × 15 × 17 cm
Unit weight	288 g
Product format	portable outdoor kettle

Using these specifications to choose a product

This stainless-steel kettle has listed dimensions of 10 × 15 × 17 cm and a 288 g weight. Those dimensions do not specify usable water capacity. Keep the volume field open until the selected kettle is measured or documented. For a cookware range, compare the handle, lid, spout and base with the intended packing and cooking arrangement instead of assuming every camp kettle fits every stove.

For Stainless Steel Camping Kettle, the published record states Material: stainless steel, Size: 10 × 15 × 17 cm, Unit weight: 288 g, Product format: portable outdoor kettle. Keep those values together under this reference when building a wholesale product shortlist; a value from a neighbouring model does not describe this item.

SKU-specific sample and quotation checklist

Use the following Stainless Steel Camping Kettle fields in the sample request and final quotation so the ordered reference can be checked against the online record.

- **Material:** Confirm material as “stainless steel” for the selected version, or request a written revision before ordering.
- **Size:** Confirm size as “10 × 15 × 17 cm” for the selected version, or request a written revision before ordering.
- **Unit weight:** Confirm unit weight as “288 g” for the selected version, or request a written revision before ordering.
- **Product format:** Confirm product format as “portable outdoor kettle” for the selected version, or request a written revision before ordering.
