Using these specifications to choose a product

Three size rows are published for the two-door, two-window tent. The 200 × 200 cm version is listed at 2.7 kg, while the 220 × 200 cm version is listed at 2.6 kg; do not replace these with an assumed size-to-weight progression. Both use the stated 77 × 15 × 15 cm packed format. Door and window counts describe the layout, not a measured airflow rate.

Select one complete row for the sample brief. Dimensions, frame, weight and packed size in different rows must not be mixed. The option numbers below identify the published configurations; they are not manufacturer model numbers.
