Using these specifications to choose a product

The 420 cm villa tent separates an outer size of 420 × 230 × 180 cm from an inner size of 320 × 220 × 170 cm. Use the inner measurement for a sleeping-layout brief and the outer measurement for the overall outline. Its 101 cm packed length is a different transport shape from the larger HILLTOP PRO reference. Blackout fabric is a material description, not a quantified temperature or light-transmission result.

For 420 cm Villa Camping Tent, the published record states Expanded size: 420 × 230 × 180 cm, Inner tent: 320 × 220 × 170 cm, Packed dimensions: 25 × 25 × 101 cm, Unit weight: 14.7 kg, Outer fabric: 150D blackout titanium-silver. Keep those values together under this reference when building a wholesale product shortlist; a value from a neighbouring model does not describe this item.
